REVISOR'S NOTE: This section is new language derived without substantive change from former Article 43, § 233 and the last clause of § 230.

In subsection (a)(2) of this section, "reasonable" is new language added for clarity.

In subsection (c) of this section, the former defined term "frozen food locker plant" is deleted as unnecessary as it served only to support an exception to the recordkeeping requirements that now appear in this section. The substance of the former definition now is expressed in this section.
