

(1) EXCEPT AS PROVIDED IN PARAGRAPH (2) OF THIS SUBSECTION, A PERSON MAY NOT OPERATE A CANNERY OR FROZEN FOOD PROCESSING PLANT WITHOUT A LICENSE.

(2) IF THE SECRETARY BELIEVES THAT A PERSON IS OPERATING A CANNERY OR FROZEN FOOD PROCESSING PLANT WITHOUT A LICENSE, THE SECRETARY SHALL GIVE THE PERSON NOTICE, BY REGISTERED MAIL, THAT THE PERSON HAS 10 DAYS IN WHICH TO OBTAIN A LICENSE.

(B) OPERATING CANNERY OR FROZEN FOOD AFTER SUSPENSION OR REVOCATION OF LICENSE.

IF A LICENSE ISSUED UNDER THIS SUBTITLE IS SUSPENDED OR REVOKED, THE PERSON WHOSE LICENSE IS SUSPENDED OR REVOKED MAY NOT DO ANY ACT WITHIN THE SCOPE OF THE SUSPENDED OR REVOKED LICENSE.

REVISOR'S NOTE: This section is new language derived without substantive change from the first and third clauses of the first sentence and the first half of the first clause of the second sentence of former Article 43, § 208.

Subsection (b) of this section is revised as a separate subsection because different penalties are provided for violating each subsection of this section. See §§ 4-1205 and 4-1206 of this article. No substantive change is intended and the absence in other parts of this article of a provision similar to subsection (b) of this section does not imply that, after revocation or suspension of other licenses governed by this article, the person whose license is revoked or suspended is permitted in any way to continue the activity for which the license was obtained.

The General Assembly may wish to consider repealing subsection (a)(2) of this section and the introductory exception clause in subsection (a)(1) of this section. Most license schemes in this article, and elsewhere in the Code, prohibit any person who is neither licensed nor otherwise authorized from performing any act that is within the scope of the license, without any provisions for first notifying that person of the requirement for a license.
