

RULES AND REGULATIONS THAT EXEMPT FROM THE LICENSING OR REGISTRATION REQUIREMENTS OF THIS SECTION:

- (I) SPECIFIC SOURCES OF IONIZING RADIATION;
- (II) SPECIFIC KINDS OF USES OF IONIZING RADIATION; AND
- (III) SPECIFIC KINDS OF USERS OF IONIZING RADIATION.

REVISOR'S NOTE: This section is new language derived without substantive change from former Article 43, § 689A(a) through (d).

"Subject to Subtitle 4 of this title" is new language added in subsection (a)(1) of this section to reflect the impact of Ch. 727, Acts of 1981, which added the provisions that appear as Subtitle 4 of this title.

In subsection (a)(1)(i) of this section, "material" is added following "byproduct" for clarity and because the rules and regulations adopted by the Secretary refer to "byproduct material", rather than to "byproducts".

In subsection (a)(1)(iii) of this section, the former term "equipment" is deleted as included in "device".

Subsection (b)(1)(i) of this section is new language added to clarify that the only kind of licensee of whom registration may be required is a holder of a general license. Since, by definition, a holder of a specific license has filed an application and has been approved by the Department, a separate registration process would be superfluous.

In subsection (b)(2) of this section, "specific" is substituted for "certain" for clarity.

8-302. ENFORCEMENT -- IMPOUNDING RADIATION SOURCES.

WHENEVER THE SECRETARY FINDS THAT AN EMERGENCY EXISTS, THE SECRETARY MAY ORDER THE IMPOUNDMENT OF ANY SOURCE OF IONIZING RADIATION THAT IS IN THE POSSESSION OF ANY PERSON:

(1) WHO IS NOT EQUIPPED TO MEET THE REQUIREMENTS OF THIS SUBTITLE OR THE RULES AND REGULATIONS ADOPTED UNDER THIS SUBTITLE; OR

(2) WHO VIOLATES THE PROVISIONS OF THIS SUBTITLE
