Throughout this subtitle, references are deleted because documents attesting to the abolition of the Charles County Sanitary District were filed with the State Department of Assessments and Taxation on November 4, 1976. The functions of the former district have been assumed by the Charles County Department of Public Works and the functions of the former sanitary commissioners have been assumed by the Charles County Commissioners. See the Public Local Laws of Charles County, Article 9, § 78B(e) through (m), as enacted by Ch. 149, Acts of 1976.
