

(T) CREATION OF SERVICE AREA.

A SERVICE AREA IS CREATED WHEN THE REQUIREMENTS OF THIS SECTION HAVE BEEN MET.

(U) TAXING DISTRICT.

EACH SERVICE AREA CREATED UNDER THIS SECTION IS A SEPARATE TAXING DISTRICT.

REVISOR'S NOTE: This section is new language derived without substantive change from the first through the twelfth sentences of former Article 43, § 652(b) and the seventh sentence of (d).

Throughout this section, former references such as "constituted as a new sanitary district or added to an existing sanitary district ... which ... is contiguous" are deleted as included in the broader term "proposed service area", which, depending on the circumstances, would be a new service area or an existing service area together with its proposed new territory.

In subsection (c)(1) of this section, "the lesser of" is new language added to emphasize the legislative intent, apparent from the legislative history of the provision, that, if there are less than 100 owners in a proposed service area, petition by 25 percent of those owners would require the sanitary commission to consider designating the proposed service area under this section. See the purpose paragraph to Ch. 847, Acts of 1965.

In subsection (e) of this section, the former reference to the cost and feasibility of "providing such area with utilities or facilities, whether water, sewer, solid waste disposal or otherwise" is deleted as included in the broader reference to "services that a district can provide".
