The medical board shall file with the Workmen's Compensation Commission the records of all proceedings had before the medical board, including transcript of the testimony of all witnesses appearing on behalf of the claimant and the employer, together with its own report and findings upon all medical questions involved in the claim. Included in such record shall be the findings of the medical board, determining the nature of the disease, the extent of injury and the degree of disability sustained by the claimant.

Upon the filing of the record of the proceedings by the medical board, the Workmen's Compensation Commission shall send a certified copy of such findings to the claimant or claimants and to the employer and his insurance carrier, if any. In the event that either the claimant or claimants or the employer or the insurance carrier shall feel aggrieved by any decision of the medical board, either party may, within thirty (30) days after the filing with the Workmen's Compensation Commission of the record of the proceedings before the medical board as herein provided, file a petition with the Workmen's Compensation Commission, requesting the Workmen's Compensation Commission to review the record and the proceedings before the medical board. If no petition for review has been filed with the Workmen's Compensation Commission within said thirty-day period from the filing of the medical board's findings and report, the Workmen's Compensation Commission shall render its decision or award, which shall conform to the findings in such report and the decision of the medical board as to medical questions. In the event that a petition for review by the Workmen's Compensation Commission of the findings and report of the medical board has been filed, as herein provided, the Workmen's Compensation Commission shall review the proceedings, findings and report of the medical board, and upon the record thus made shall render its decision or award upon all issues referred to the medical board. In any hearing, as provided for in §§ 22-30 of this article, held by the Workmen's Compensation Commission in any case to determine any controversial questions, no finding of fact by the Workmen's Compensation Commission shall be subject to be reviewed or be set aside, reversed or modified.]
