

REVISOR'S NOTE: This section is new language derived without substantive change from former Article 59A, § 20(a) and the second sentence of (b) and rephrased in the standard language used to state affirmatively that a person must be licensed to operate a private facility. See also § 7-901 of this title.

The term "operate" is substituted for the reference "admit, receive or retain any mentally retarded person for the purpose of care or treatment of such mental retardation", for brevity and conformity to § 7-402 of this subtitle, which refers to rules and regulations for "operating" a private facility.

The former reference to "written approval" is deleted, since, except for the license, the Administration does not issue written approval.
