

commensurate with the eliminated inspection activities. All other aspects of the commission permit for the facility shall continue.

(d) The areas described herein shall be exempt from any taxes and/or assessments by the Washington Suburban Sanitary Commission until such areas are included within the Washington Suburban Sanitary District.

(e) This section shall not apply to any water supply, sewage collection and disposal system constructed for the sole purpose of serving a single family residence or a single building. This section shall apply to any water supply, sewage collection and disposal system constructed by municipal corporations other than such systems as were owned and operated by any municipality in Prince George's County as of January 1, 1959.

(f) All acts or parts of acts however inconsistent with the provisions of this section are hereby repealed to the extent of such inconsistency, excepting, however, those relating to the authority of the state board of health and specifically set forth in Article 43 of the Annotated Code (1951 edition).

(g) Any individual, firm or corporation failing to comply with the provisions of this section shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined not less than \$500.00. No conviction hereunder shall in any manner relieve any person of the necessity of securing and paying for a permit and complying with all other applicable provisions of this section.]

[8-3. Written permits required in Montgomery County.

(a) From and after June 1, 1957, no individual, firm or corporation shall construct, alter or extend, nor after June 1, 1965 operate contrary to the provisions of subsection (c) hereof, a water supply system or a sewage collection and disposal system in any area in Montgomery County, Maryland, not included within the area of the Washington Suburban Sanitary District, without having received a written permit from the Washington Suburban Sanitary Commission so to do; and the permit for such purpose shall not be issued until complete plans and specifications for the installation, alteration or extension, together with such information as the commission may require, have been submitted to and approved by the commission. All construction shall take place in accordance with the approved plans and shall be subject to the inspection of the commission. In case it shall become necessary or desirable to make material changes in plans and specifications, such changed plans and specifications, together with a statement of the reasons for the alteration, shall be submitted to the commission and no material changes shall be embodied in the actual construction until they have been approved and a permit issued therefor.

(b) The Washington Suburban Sanitary Commission is hereby authorized and directed to approve plans in accordance with its requirements and issue permits for the
