

sum required to pay the annual balance (of the costs minus proceeds) of the enterprise fund for the marina and boat basin including the dredging operations relating to the maintenance and operation of the marina and boat basin.

(d) The provisions of subsections (a), (b), and (c) shall not in any event cause Montgomery County to be in any manner whatsoever liable for any cost, debt, expense, or obligation arising out of or relating to the administration, operation, or maintenance of the marina or boat basin, and no moneys for such purposes may be obtained from Montgomery County's portion of the budget or Montgomery County's portion of unbudgeted funds of the Maryland-National Capital Park and Planning Commission.

(e) A Maryland-National Capital Park and Planning Commission enterprise fund shall be established to finance and account for the maintenance and operation of the marina and boat basin, facilities, and appurtenances thereto. The revenues obtained by the Maryland-National Capital Park and Planning Commission from the maintenance and operation of the marina and boat basin, facilities, and appurtenances thereto, shall be recorded in such enterprise fund and shall be utilized by the Maryland-National Capital Park and Planning Commission for offsetting various expenditures relating to the marina and boat basin, facilities, and appurtenances thereto, or for other enterprise funds of the Maryland-National Capital Park and Planning Commission's park and recreational facilities located within that portion of the regional district in Prince George's County.]

COMMITTEE NOTE: Article 67, § 13-6.1(c) is proposed for transfer to Article 66D, § 5-208 of the Code because the Maryland-National Capital Park and Planning Commission is now responsible for the administration of the marina.

[13-7] 13-101. Flood control and navigation.

(a) (1) The [Washington Suburban Sanitary Commission] WSSC [is hereby designated as the organization in Prince George's County to] SHALL cooperate or contract with the [federal government] UNITED STATES in any matter relating to any [projects] PROJECT for flood control and navigation in the valleys of the Anacostia River and ITS tributaries [within] IN Prince George's County. [; provided, however, that before]

(2) BEFORE any [such contracts] CONTRACT or [agreements] AGREEMENT [are] IS entered into with the [federal government] UNITED STATES and before any [plans] PLAN relating to flood control projects or THE maintenance or operation [thereof] OF FLOOD CONTROL PROJECTS[, are] IS approved, [such] THE WSSC SHALL SUBMIT FOR CONSIDERATION contracts, agreements, or plans affecting [state] STATE
