

{3} (4) The State of Maryland shall establish the Fort Washington Marina as a commercial marina and meeting center for the primary use of the boating public and organized user groups.

{4} (5) Ownership of the marina property shall be assumed at no or minimum cost to the State of Maryland.

{5} (6) The marina development planning and operational use shall include input from local boating interests and affected citizens.

{6} (7) The State Department of Natural Resources shall be responsible for the planning, design, and implementation of the complete restoration of the marina to full operating capacity and for the dredging of the entrance channel and marina docking areas.

~~{7}--The--State--of--Maryland--shall--secure--from--the National-Park-Service--a--formal--agreement--on--a--dredging permit--and--on--the--location--of--a--dredge--spoil--site--located--on National--Park--Service--land--adjacent--to--the--south--shore--of Piscataway-Creek,--or--that,--failing--this,--the--State--shall fully--investigate--and--document--alternative--spoil--site locations-~~

(8) The Department of Natural Resources shall initiate requisite planning activities with the Prince George's County government and county planning organizations to include all required county services.

SECTION 2. AND BE IT FURTHER ENACTED, That this Act shall take effect July 1, 1982.

Approved June 1, 1982.
