

(1975).

Subsection (c)(4) of this section also is added as standard language. It follows from the requirement that there be staggered terms. An inherent aspect of staggered terms is that they must begin and end at set intervals. For circumstances under which subsection (c)(4) of this section applies, see the General Revisor's Note to this article.

In subsection (a)(1)(ii) and (2) of this section, the defined term "State facility" is substituted for the references to an inpatient unit of a "regional mental hospital" and "psychiatric hospital center", for clarity.

In subsection (a)(1)(ii) of this section, the former references to serving as "ex officio member {s}" is deleted as inaccurate in light of subsection (a)(2) of this section.

As to subsection (b) of this section, the Commission to Revise the Annotated Code notes, for consideration by the General Assembly, that there are no provisions for the composition of an intercounty advisory committee similar to those under subsection (a) of this section for a county advisory committee.

Defined terms: "County" § 1-101
 "Director" § 10-101 "Physician" § 1-101
 "Health officer" § 1-101 "State facility" § 10-101
