

without substantive change from former Article 59, § 30(b) and (c), § 32(a), the second sentence of § 8(c), as that sentence related to the removal of an administrative head, and the first sentence of § 30(a).

The new, defined term "State facility" is substituted for the broad term "public facility", which would include a county or municipal facility. Subsections (a), (b), and (d)(2) and (3) of this section, which are derived from former Article 59, § 30, are applicable to State facilities only, in light of the second sentence of former Article 59, § 30(a), which excluded municipal and county hospitals. Subsections (c) and (d)(1) of this section also appeared to apply to State facilities. In light of this substitution, the second sentence of former Article 59, § 30(a) is deleted as unnecessary.

In this section and throughout this title, the term "administrative head{s}" is substituted for "superintendent{s}", to standardize the references to this type of position.

Also throughout this section, reference to the "Director" of Mental Hygiene is substituted for the obsolete references to the former Commissioner of Mental Hygiene. See the General Revisor's Note to this article.

In the introductory clause of subsection (d) of this section, the former reference to delegation by the "Department" is deleted as unnecessary.

In subsection (d)(3) of this section, the phrase "as the Director requires" is substituted for "at intervals ... in such details as may be required by the Commissioner", for brevity.
