REVISOR'S NOTE: This section is new language derived without substantive change from former Article 59, §§ 19 and 30(d)(2).

In subsection (a)(1) of this section, the reference to "under this title" is substituted for "under ... this subtitle", to encompass emergency admissions which, in former Article 59, appeared in a subtitle separate from the provisions on voluntary and involuntary admissions.

Similarly, in subsection (a)(2) of this section, the reference "by this title" is substituted for "by this article", although the latter reference encompassed individuals committed under the insanity and incompetency provisions since they were not individuals for whom records were required under subsection (a)(1) of this section.

Subsection (c) of this section is revised to prohibit any but authorized disclosures.
