

THE DEPARTMENT SHALL REQUEST THE BUDGET SUPPORT NECESSARY TO CARRY OUT THIS SUBTITLE.

REVISOR'S NOTE: This section is new language derived without substantive change from former Article 43, § 790.

Since the former statement that funds "shall be" appropriated is not of binding effect, this section is restated to require a request for budget support. This change reflects actual Department practice.

Defined term: "Department" § 1-101

REVISOR'S NOTE TO SUBTITLE: The Commission to Revise the Annotated Code notes, for consideration by the General Assembly, that Article 81, § 326(1-1) and HO § 12-603(h)(3) refer specifically to the distribution of hemodialysis drugs and devices to those individuals using kidney machines at home. Under current medical practice, there are other forms of "dialysis" -- i.e., dialysis by kidney machine, intermittent peritoneal dialysis, and chronic ambulatory peritoneal dialysis. The General Assembly may wish to reconsider the scope of Article 81, § 326(1-1) and HO § 12-603 in light of this practice.
