

(2) THE CAUSES OF MORTALITY; AND

(3) THE INFLUENCE OF LOCALITY, EMPLOYMENT, HABIT, AND OTHER CONDITIONS ON HEALTH.

REVISOR'S NOTE: This section is new language patterned after the second clause of the first sentence of Article 43, § 2, as that clause relates to disease. Article 43, § 2 is retained there since parts of that section are revised in the Health - Environmental Article.

The defined term "Secretary" is substituted for the obsolete reference to the former State Board of Health and Mental Hygiene.

Defined term: "Secretary" § 1-101

18-102. INFECTIOUS AND CONTAGIOUS DISEASES.

(A) RULES AND REGULATIONS.

THE SECRETARY SHALL ADOPT RULES AND REGULATIONS NECESSARY TO PREVENT:

(1) THE INTRODUCTION OF AN INFECTIOUS OR CONTAGIOUS DISEASE INTO THIS STATE; OR

(2) THE SPREAD OF AN INFECTIOUS OR CONTAGIOUS DISEASE IN THIS STATE.

(B) RIGHT OF ENTRY; INSPECTIONS.

THE SECRETARY MAY ENTER ON AND INSPECT PRIVATE PROPERTY TO DETERMINE THE PRESENCE, CAUSE, AND SOURCE OF AN INFECTIOUS OR CONTAGIOUS DISEASE.

REVISOR'S NOTE: Subsection (a) of this section is new language derived without substantive change from the first clause of the first sentence of former Article 43, § 31, as that clause related to diseases. It is revised to require the Secretary to adopt rules and regulations, rather than to require the Commissioner of Health to recommend rules and regulations for adoption, since the position of State Commissioner of Health has been abolished. See the General Revisor's Note to this article.

Subsection (b) of this section is new language patterned after the first clause of the second sentence of Article 43, § 2, as that clause relates to diseases.
