

unnecessary.

In subsection (b)(2) of this section, the phrase "where the child is located" is substituted for the ambiguous phrase "wherein the infant is cared for", to conform to the Department practice.

In subsection (c) of this section, the requirement in former Article 27, § 273 that a "midwife, nurse, or person" submit a report is deleted to prevent the filing of duplicate reports that would result since the physician to whom the child is referred is required to submit a report.

In subsection (d) of this section, the word "treat" is substituted for the phrase "application of any remedy", for clarity.

As to subsection (b)(2) of this section and the substitution of "health officer" for "health commissioner", see the General Revisor's Note to this title.
