

§ 560", since the former categories do not conform either to the statutory classifications under § 19-307 of this subtitle or the categories set by rule and regulation. While the former term "intermediate care facility" included intermediate care facilities -- mental retardation, which are not covered by either the classification of comprehensive care facility or extended care facility, detailed rights for residents are set out in §§ 7-601 and 7-602 of this article and, therefore, the rights in former Article 43, § 565C would not seem to be applicable. Throughout this section, the new defined term "facility" is substituted for the obsolete references to "skilled nursing facilities" and "intermediate care facilities".

Subsections (b) and (c) of this section are new language derived without substantive change from former Article 43, § 565C(c), (e), (a)(1), (2), (7), the first sentence of (6), and the first sentence of (12), and the first sentence and the first and third clauses of the second sentence of (a).

Subsection (b) of this section contains a revision of those provisions of former Article 43, § 565C(a) that set forth "rights", while the provisions of that former subsection that detailed substantive requirements to carry out those rights are revised in § 19-344 of this subtitle. This revision is patterned after §§ 7-601 and 7-602 of this article, which set forth the similar rights for residents of mental retardation facilities and procedures for carrying out those rights. Thus, the notice required under subsection (c) of this section would contain the basic rights and not the detailed provisions for carrying out those rights.

In subsection (c)(2)(i) of this section, the former reference to "patients and residents currently residing in the facility" is deleted as obsolete.

The second and third sentences of former Article 43, § 565C(a)(12), which related to the management of the financial affairs of a resident by a facility, are deleted as unnecessary in light of the more specific provisions of § 19-346 of this subtitle.

Defined terms: "Person" §§ 1-101 & 19-301  
 "Physician" § 1-101
