

(ix) A cogeneration system;

(x) Any system for processing and converting to steam or electricity or other useful form of energy (including heat) the waste products of such industrial process;

(xi) An improvement to the industrial process which reduces the energy requirements per unit of output;

(xii) Any other energy conservation improvement that the Administration determines by rule or regulation is appropriate and consistent with the legislative purpose of this subtitle;

(2) With respect to an industrial building or an industrial process for the production or manufacture of raw materials or products, any planning or technical service, and any industrial energy audit, if the service or audit is related to or undertaken with the installation, or the modification of an installation, which includes any of the items specified in subsection (j)(1) of this section.

(k) (1) "Industrial solar energy project" means, with respect to any industrial building, any addition, alteration, or improvement that is designed to utilize wind energy, energy produced by a wood burning appliance, or solar energy, either of the active type based on mechanically forced energy transfer or of the passive type based on convective, conductive, or radiant energy transfer (or some combination of these types), to reduce the energy requirements of the building.

(2) "Industrial solar energy project" includes a solar process heat device, solar electric device, and any earth sheltered building in which the sheltering substantially reduces the consumption of energy by the building.]

(L) "INDUSTRIAL PROCESS" MEANS:

(1) A PROCESS USED TO PRODUCE OR MANUFACTURE GOODS OR PRODUCTS; OR

(2) THE STORAGE OR SHIPMENT OF MATERIALS, GOODS, OR PRODUCTS.

[(1)] (M) "Person" means any natural person, company, firm, cooperative, partnership, corporation, association, consortium, unincorporated organization, trust, estate, any entity organized for a common business purpose, or any federal, State, or local government and any agency or instrumentality of those governments.
