

law; providing for certain permit provisions and regulations which Prince George's County may or may not adopt; providing for certain application, approval, and review procedures to be followed by WSSC and Prince George's County; providing for certain emergency situations when WSSC need not obtain a permit before beginning construction or maintenance work; providing for certain situations when Prince George's County may make repairs to restore property disturbed by WSSC and charge the cost to WSSC; and generally relating to permit requirements for WSSC when entering upon a public highway in Prince George's County to install, maintain, operate, or construct a WSSC system.

BY repealing and reenacting, with amendments,

Article 67 - Washington Suburban Sanitary District
Section 10-101 and 10-102
Annotated Code of Maryland
(1978 Replacement Volume and 1982 Supplement)

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That the Laws of Maryland read as follows:

Article 67 - Washington Suburban Sanitary District

10-101.

(a) The WSSC may:

(1) Enter on a public roadway to install, maintain, and operate the WSSC system; and

(2) Construct a water main, sewer, or drain or any appurtenance of a water main, sewer, or drain in a public roadway:

(i) In Prince George's County, [without the receipt of a permit or payment of a charge] SUBJECT TO THE PERMIT AND REGULATION PROVISIONS OF §§ 10-102 AND 10-103 OF THIS TITLE; and

(ii) In Montgomery County, subject to the permit and regulation provisions of §§ 10-102 and 10-103 of this title.

(b) If a public roadway is to be disturbed, the WSSC shall:

(1) Notify the State, county, or municipality that has authority over the public roadway of the WSSC's plans;

(2) Repair and leave the public roadway in the same or a superior condition to that existing before the public roadway was disturbed by the WSSC;
