

(2) Pursuant to executive order, the Governor finds that there is a substantial likelihood that the absence of a storage or disposal site for low-level nuclear wastes in or out of this State will cause a cessation within this State of power generation, medical treatments or diagnosis, scientific research, or other activity relying upon nuclear sources or presenting a serious threat to the public safety or health; or

(3) The Department determines, under standards adopted by regulation, that:

(i) The half-lives or specific activity of the low-level nuclear waste is, or within a period not in excess of 6 months will be, at such a level that the waste does not require special handling or subsurface disposal or storage; and

(ii) The low-level nuclear waste can be disposed of in the same manner as other hazardous substances or handled as conventional waste.

(c) An executive order issued under this section shall be submitted to the General Assembly and shall become effective 30 days after the date of submission unless specifically disapproved by a resolution concurred in by a majority vote of the membership of each House of the General Assembly, during a regular or special session.]

SECTION 3. AND BE IT FURTHER ENACTED, That this Act shall take effect July 1, 1983.

Approved May 31, 1983.

CHAPTER 584

(Senate Bill 125)

AN ACT concerning

Frozen Desserts - Licensing and Sale

FOR the purpose of altering the definition of "frozen dessert"; establishing a fee schedule for certain licenses and renewals based on the manufacturer's annual production and sales of any frozen dessert or frozen dessert mix; and eliminating a prohibition on the sale or advertisement for sale of certain imitation frozen desserts; and providing for authorization of frozen dessert manufacturers by the Secretary of Health and Mental Hygiene for the sale of certain frozen desserts.

BY repealing and reenacting, with amendments,
