

(2) (i) The funds provided by subsection (e)(1) do not require a local contribution. The funds provided by subsection (e)(1) shall be provided to each subdivision if that subdivision appropriates local funds to the school budget in an amount no less than the product of the full-time equivalent enrollment used in calculating fiscal year [1983] 1984 current expense aid times the fiscal year [1982] 1983 local contribution on a per pupil basis.

(ii) For the purposes of this paragraph, fiscal year [1982] 1983 per pupil local contribution is derived by division of the subdivision's aggregate fiscal year [1982] 1983 local contribution to its school budget by the full-time equivalent enrollment used to calculate fiscal year [1982] 1983 current expense aid for the subdivision.

(iii) The State Superintendent of Schools shall establish procedures to assure maintenance of effort by the county on a per pupil basis as described in this paragraph.

(3) The county superintendent for any county qualifying for funds under subsection (e)(1) shall submit plans for the use of the funds to the State Superintendent and receive the funds only after compliance with requirements of the State Board of Education and approval by the State Superintendent of Schools.

(f) (1) For fiscal year [1983] 1984 only, the amounts appearing below in this subsection shall be set aside from the State shares of basic current expense aid to each county; these amounts are to be utilized for vocational-technical education programs in accordance with guidelines adopted by the State Board of Education. These funds shall not be used to supplant local contributions for vocational-technical programs. A county board of education shall maintain its fiscal effort on either a per student basis or on an aggregate basis for vocational education, compared with the amount expended in the previous fiscal year, to be eligible to receive its vocational-technical set-aside from basic current expense aid.

(2) The vocational-technical set-asides from basic current expense aid for each subdivision are:
