a brief account in writing of their Evidences which is what is contained  
within and that it is the substance of what they declared to the best of  
his knowledge. The which Copy of Evidences follows Viz:  
Aug. 25<sup>th</sup> 1708.

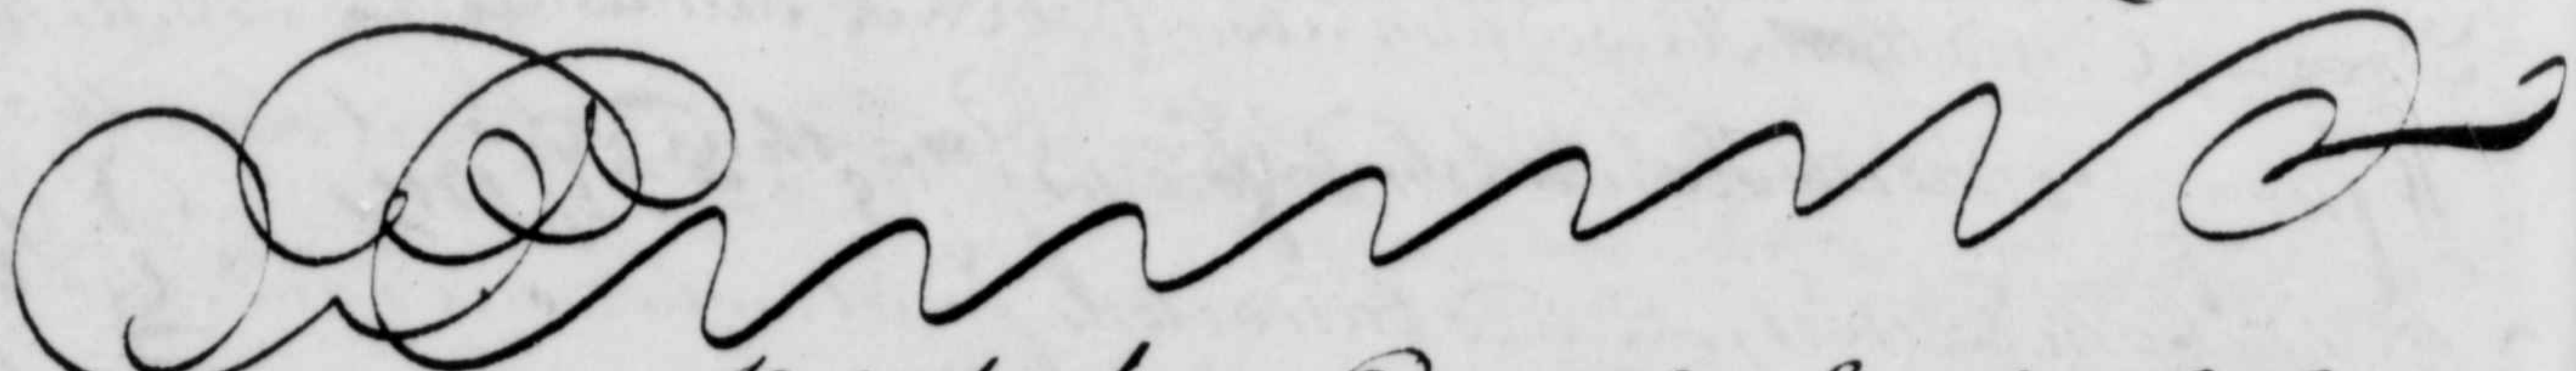

The Deposition of William Callrop that he has knowne the white  
oaks where the pt. begins to have been the reputed bounded  
tree of Mount hope for Twenty odd years and that he never knows  
any other Tree for that Land, that John Edmondson told him that  
was the first bounded Tree and from that Tree sold the Land  
out of Mount hope.

John Barker Swears that he was upon Jury as near as he  
can remember about 13: or 14 years agoe at the running out of  
Mount hope and that they was showed the apt white oaks to be the  
first Tree and then they began their Survey.

Francis Noale on his Test declares that after John Edmondson  
bought the Land called Mount hope said John Edmondson brought  
him with Joshua Dapton and divers others to the apt Tree & from  
thence they run out the Land, and then there was no dispute  
but that this was the tree, and as near as can be computed by  
all Circumstances it was about 23 years agoe and that since it  
has been run out severall times from that Tree.

The Deposition of y<sup>e</sup> said Law taken before us: - R. Angle

Tho. Callier

  
Nicholas Low's Depo. ab. Griffith

Maryland  
Talbot County) To the Rog. of the high Court of Chancery. -

It is remembered that by Virtue of a Commission from her  
Majesty's high Court of Chancery bearing date the thirteenth day of October
