CHAPTER 630

(House Bill 1615)

AN ACT concerning

Construction of Electric Generating Stations - Certificate of Public Convenience and Necessity

FOR the purpose of requiring the Public Service Commission to <u>consider and</u> take final action on a certain application for a certificate of public convenience and necessity to build a certain generating station designed to provide on—site generated electricity for an electric customer that uses a certain amount of electricity each year and that has a certain capacity within a certain time period in an expeditious manner under certain circumstances; providing for the termination of this Act; and generally relating to certificates of public convenience and necessity.

BY repealing and reenacting, with amendments,

Article - Public Utility Companies

Section 7-207

Annotated Code of Maryland

(1998 Volume and 2005 Supplement)

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That the Laws of Maryland read as follows:

Article - Public Utility Companies

7-207.

- (a) (1) In this section and § 7-208 of this subtitle, "construction" means:
- (i) any physical change at a site, including fabrication, erection, installation, or demolition; or
- (ii) the entry into a binding agreement or contractual obligation to purchase equipment exclusively for use in construction in the State or to undertake a program of actual construction in the State which cannot be canceled or modified without substantial loss to the owner or operator of the proposed generating station.
- (2) "Construction" does not include a change that is needed for the temporary use of a site or route for nonutility purposes or for use in securing geological data, including any boring that is necessary to ascertain foundation conditions.
- (b) (1) (i) Unless a certificate of public convenience and necessity for the construction is first obtained from the Commission, a person may not begin construction in the State of a generating station.
