

report in tabular form the condition of the Schools in his District, at each quarterly meeting of the Board. These reports shall be filed by the Secretary, and preserved for use of the County Director in making up his annual report to the State Superintendent.

Graded Schools. SEC. 13. Whenever the number of children between the ages of six and eighteen attending School in any School District is greater than one hundred, then the Commissioner may, instead of dividing the district, proceed with the consent of the Board to establish Schools of different grades, and to determine into which school each pupil shall be admitted.

To publish an annual statement. SEC. 14. The Board of School Commissioners shall publish annually in one of the papers of the County or otherwise, a statement of the moneys received and expended, setting forth all the financial operations of each district, and if there be no newspapers within the limits of the County, then they shall publish the same in such other form as may be ordered and forward a copy to the office of the State Superintendent.

County Director to assist. SEC. 15. Whenever a Commissioner needs the aid of the County Director in the organization of a School, or in any matter relating to Schools or School houses, or for the examination of teachers it is the duty of the Director promptly to render the assistance required.
