Mr. Donaldson submitted the following joint resolutions:

*Resolved by the Senate and House of Delegates of the State of Maryland,* That the Constitution of the United States, so admirably framed by the wisdom of our forefathers, is recognized by the people of Maryland as the great charter of their liberties, the foundation, support and protection of their rights, and the main source of all their prosperity; that they are at all times ready cordially to renew the expression of their devotion to its principles; that they unreservedly acknowledge the supremacy of all laws made in pursuance thereof, and repudiate every construction of that instrument which would destroy its efficiency, its very existence, indeed, by the assertion of any right, expressed, implied or reserved in the States, to secede from the Union; and although they consider the right of revolution, for justifiable cause, inherent in every people, they unhesitatingly declare that they know no existing cause to justify the people of the United States in attempting the overthrow of their government.
