

In subsection (b)(3)(i) of this section, the former reference to "services" is deleted as unnecessary in light of the broad reference to a "function".

Subsection (b)(4) of this section combines the second clause of the second sentence of former Art. 40, § 60, which referred ambiguously to the "several departments ... or other agencies", with § 60(9), which stated specifically "State agencies", and is revised to refer to a unit of "the State government".

In subsection (b)(4)(iii) of this section, the former, specific reference to an appropriation request in "the capital expense budget" is deleted as unnecessary in light of the broad reference to "State financing of a capital improvement".
