

Item (2) of this subsection is revised to combine the provisions of former Art. 41, §§ 244(f) and 250A(a) and restate those provisions to clarify the apparent intent of the clause of former Art. 41, § 250A(a) that made "[t]he provisions of this act concerning contested cases" applicable to "the grant, denial, or renewal of a license". This restatement includes a reference to "revocation, suspension, or amendment" to incorporate former Art. 41, § 244(f), which defined "[l]icensing" for purposes of former Art. 41, §§ 244 through 256A, although the defined term did not appear in those former sections.

In item (2) of this subsection, the former words "annulment" and "withdrawal" are deleted as unnecessary in light of the broad word "revocation".

Defined terms: "Agency" § 10-201  
"License" § 10-201 "Person" § 1-101

(D) LICENSE.

"LICENSE" MEANS ALL OR ANY PART OF PERMISSION THAT:

- (1) IS REQUIRED BY LAW TO BE OBTAINED FROM AN AGENCY;
- (2) IS NOT REQUIRED ONLY FOR REVENUE PURPOSES; AND
- (3) IS IN ANY FORM, INCLUDING:
  - (I) AN APPROVAL;
  - (II) A CERTIFICATE;
  - (III) A CHARTER;
  - (IV) A PERMIT; OR
  - (V) A REGISTRATION.

REVISOR'S NOTE: This subsection is new language derived without substantive change from former Art. 41, § 244(e).

In the introductory clause of this subsection, the word "means" is substituted for the former word "includes", since the former word did not seem to apply to the elements set forth in items (1) and (2) of this subsection, but rather seemed to apply only to the form. Thus, in item (3) of this subsection, the defined term "including" is added.

Defined terms: "Agency" § 10-201  
"Includes"; "including" § 1-101
