Also in subsection (b)(1) of this section, the defined term "local government" is substituted for the former reference "local government agency", for consistency.

The introductory language of subsection (b)(2) of this section, "[e]xcept as otherwise provided in this subsection," is added for clarity.

In subsection (b)(3) of this section, the former language "in addition to the duties and authority conferred by this subtitle on the coordinator" is deleted as surplusage.

In subsection (e)(2) of this section, the former plural word "lines" is deleted as included in the singular "line".

With respect to subsection (b)(4) of this section, see also § 11-104 of this subtitle, which provides for the effect of conflicting federal requirements.
