

River, Northeast River, Susquehanna River, Susquehanna Flats, and the portion of the Chesapeake and Delaware Canal that is within Maryland.

B. Spawning Reaches. Within the spawning areas and rivers listed in paragraph A. of this special enacting Section, sections of these areas and rivers are established for special conservation actions. These sections shall be known as spawning reaches and are established as follows:

(1) Choptank River: a line connecting Bow Knee Point and Wrights Wharf upstream to a line connecting Lyford Landing to an unnamed point due east on the opposite shore.

(2) Nanticoke River: a line connecting Newfoundland Point and Hatcrown Point, upstream to the Maryland-Delaware line, and including the Marshyhope Creek, upstream to Little Indian Creek.

(3) Patuxent River: a line connecting Deep Landing and the southerly point at the mouth of Summerville Creek, upstream to a line connecting Jackson's Landing and an unnamed point at the upstream end of Jug Bay on the opposite shore.

(4) Wicomico River: a line connecting Pine Beach and Holland Point, upstream to a line connecting the eastern edge of the mouth of Rockawalking Creek and a point marking the downstream boundary of Stock Creek on the opposite shore of the river.

(5) Blackwater River: from the mouth at Snake Island, upstream to the junction with the Little Blackwater River.

(6) Pocomoke River: a line connecting the mouth of Bullbegger Creek and the east entrance of Fair Hill Channel, upstream to the Highway 13 bridge in Pocomoke City.

(7) Transquaking River: from the mouth, on Fishing Bay, upstream to Beaverdam Pond and including the Chicamacomico River upstream to Brick House Landing.

(8) Chester River: a line connecting Piney Grove and Primrose Point, upstream to the Highway 290 bridge at Crumpton.

(9) Manokin River: from Sharps Point, upstream to the mouth of Taylor Branch.

(10) Potomac River: from a line connecting Upper Cedar Point and the opposite shore, upstream to a line connecting Whitestone Point and a point on the opposite shore.

(11) Susquehanna River: a line connecting Concord Point and Stump Point, upstream to the base of the Conowingo Dam.
