26.01.05.02 Health Insurance Program
for State Employees

The State Comptroller is hereby authorized to pay to the Department of Personnel-Health Insurance Program for State Employees, funds appropriated in various agency budgets for their respective shares of Health Insurance costs. Provided that the Department of Personnel will arrange for the competitive selection of the Employee Health Insurance Program and for the awarding of a new contract effective July 1, 1984. Provided that the new State Employees Health Insurance Program offer at least two three significantly different options of care. The first option should be a high option plan comparable to the present employee health insurance program which is in effect until June 30, 1984. The second option should be a full service plan which offers vision, drug, basic care and major medical with deductibles and co-pays, with a \$1 million lifetime benefit under the major medical program. The second third option should be a type which also offers a vision and drug program and offers employees a choice of providers, both-physicians-and-hospitals to include physicians, hospitals, and other licensed health care providers. This second third plan should include point of service deductibles and co-payments in order to reduce cost of care provided to employees. Further, provided that both all three plans offered should include cost containment measures. These measures should include, but not necessarily be limited to the following: (1) mandatory second surgical opinion, (2) personal injury protection plan, (3) admissions
