

(i) The Department finds that the individual system is adequate and safe for use before a community system is scheduled to be available in the area; and

(ii) The individual system is constructed in the most economical and convenient way to permit connection to a community system in the area, and the person guarantees the connection to a community system:

[A.] 1. When the county governing body where the area is located sets a time; and

[B.] 2. In accordance with this subtitle, any rules and regulations adopted under this subtitle, and any other State law or county requirement by:

[1.] A. Posting a bond to secure actual construction and installation of the systems with satisfactory surety for the benefit of the county governing body; or

[2.] B. Making any other arrangement that the Department considers necessary and adequate to carry out the provisions of this subtitle; and

9-518.

(e) (1) The health officer shall:

(i) Submit each application for a permit to the Commission; and

(ii) Notify the Commission if there is more than 1 application for a permit in an area or subdivision of each county when:

[A.] 1. The original permit application is submitted to the Commission; or

[B.] 2. This fact reasonably becomes known to the health officer.

(2) This subsection does not apply to an area of each county in which a community sewerage system is not planned within 10 years under the county's comprehensive plan for sewerage systems.
