

Former subsection (b) of this section defined "[a]nnual consultation tour" for purposes of this article. However, the defined term appeared only once, in former § 2-103(e-1) of this article. Also, former subsection (b) of this section contained substantive provisions. Therefore, former subsection (b) of this section and § 2-103(e-1) of this article are revised together, in § 2-103.1(e) of this article.

Similarly, subsections (d), (h), and (n) of this section, which formerly defined, respectively, "Consolidated Transportation Program", "Maryland Transportation Plan", and "State Report on Transportation", by reference to documents "described in § 2-103", contained substantive requirements. However, additional substantive requirements also appeared in former § 2-103.1 of this article and in former Art. 15A, § 9A(c).

Chapter _____, Acts of 1985, revised all of the substantive provisions as to the State Report on Transportation and its components in § 2-103.1 of this article. Therefore, in subsections (d), (h), and (n) of this section, the cross-reference to "§ 2-103.1" is substituted for the former cross-reference to "§ 2-103", and the substantive requirements are deleted.

In subsections (d) and (h) of this section, the former references to preparation of the Program and Plan "by the Department" are deleted as inconsistent with the substantive provision of § 2-103(e)(2) that imposes this duty on the Secretary.
