

clarity to conform to the definition of "sewerage system".

The only other changes are in style.

(L) SEWAGE.

"SEWAGE" MEANS WATER-CARRIED WASTE THAT IS CREATED IN AND CARRIED AWAY OR TO BE CARRIED AWAY FROM ANY PRIVATE OR PUBLIC BUILDING.

REVISOR'S NOTE: This subsection is new language derived without substantive change from former HE § 9-901(k).

The former terms "residences", "hotels", "schools", "hospitals", "industrial establishments", and "commercial establishments" are deleted as unnecessary in light of the reference to "any private or public building". Additionally, the former clause "together with any household and industrial wastes that may be present" is also deleted as superfluous in light of the other provisions of this subsection.

(M) SEWERAGE SYSTEM.

(1) "SEWERAGE SYSTEM" MEANS:

(I) ANY PLANT, SYSTEM, FACILITY, OR PROPERTY THAT CAN:

1. CARRY SEWAGE AWAY;
2. COLLECT SEWAGE;
3. DISPOSE OF SEWAGE;
4. NEUTRALIZE SEWAGE; OR
5. PREPARE SEWAGE FOR DISCHARGE; AND

(II) ANY INTEGRAL PART OF THE PLANT, SYSTEM, FACILITY, OR PROPERTY.

(2) "SEWERAGE SYSTEM" INCLUDES THE FOLLOWING PARTS OF A SEWERAGE SYSTEM:

- (I) AN APPURTENANCE.
- (II) A CONDUIT.
- (III) A DISPOSAL FIELD.
- (IV) A DRAINAGE DITCH.
- (V) ANY EQUIPMENT.
