

In subsection (a)(7) of this section, the term "current market" is added to modify the term "value", for clarity.

In subsection (b) of this section, the former phrase "for the calendar year 1979 and each year thereafter" is deleted as superfluous.

Also in subsection (b) of this section, the defined term "renter" is substituted for the former phrase "persons who are occupants of a dwelling", for clarity.

In subsection (c) of this section and throughout this article, the former word "rules" is deleted in light of the use of the word "regulations". This revision conforms to the practice of the Division of State Documents to use "rule" with respect to judicial or legislative units and "regulation" with respect to executive units.

In subsection (d) of this section, the phrase "possible property tax relief under this section" is substituted for the former phrase "the provisions of this section", for clarity.

In subsection (e) of this section, the phrase "for 6 months or more" is substituted for the former phrase "at least 6 calendar months", for clarity.

Also in subsection (e) of this section, the former phrase "for which the tax credit is sought", which modified "calendar year" is deleted as superfluous.

In subsection (f)(2) of this section, the reference to "state under oath" is substituted for the former reference to "be made under oath or affirmation that the matters and facts stated ... are true to the best of the applicant's knowledge, information, and belief", for brevity and in light of the explanation of "oaths" in § 1-201 of this article.

In subsection (f)(3) of this section, the defined term "gross income" is substituted for the former phrase "income, interest, dividends, rents, money paid or received", for clarity and brevity.

Also in subsection (f)(3) of this section, the reference to "net worth" is added for clarity.

In subsection (h)(1) of this section, the former reference to "application to the ... Department" is deleted as unnecessary in light of the revision of subsection (f) of this section.
