

rare or irreplaceable natural resources, or unique historic sites.

(5) Would not be so located or constructed as to have a material adverse effect upon the public health, safety, or welfare.

(6) Would not be a potential or immediate undue burden on the water supply of the site or region.

(7) Would not materially contribute to an extant level of undue environmental degradation or resource exhaustion.

(8) Conforms with any coastal zone management program developed by the State of Maryland pursuant to the federal Coastal Zone Management Act of 1972.

(9) Would have no material adverse effect upon critical areas identified and designated pursuant to [Article 88C, § 2 (b)] § 5-611 OF THE STATE FINANCE AND PROCUREMENT ARTICLE and Article [66C] 66B, § 3.05.

(10) Would not impose, directly or indirectly, a substantial burden on existing State, regional, or county public facilities beyond their respective capacities, or that new public facilities, if necessary, either

(i) Would not be completed in time to serve the facility, or

(ii) Would be inadequate to serve the facility without causing overloading of the public facilities.

(11) Evidences fewer undesirable environmental, economic, fiscal, and cultural consequences in its specific or general proposed location than other specific or general locations.

6-509.

(b) A request for judicial review may be made only by an aggrieved party, by a properly designated official of the county government where the proposed facility is to be located, or by the State Planning Department pursuant to [Article 88C, § 2 (b)] § 5-611 OF THE STATE FINANCE AND PROCUREMENT ARTICLE.

13-103.

(a) There shall be credited to the Trust Fund:

(1) All refunds received by the State from any source as a direct or indirect result of litigation and administrative proceedings prosecuted by the United States Department of Energy to redress violations of federal petroleum pricing regulations, pursuant to the Emergency Petroleum Allocation Act, 15 U.S.C. §§
