

This bill requires the Secretary of the Department of Natural Resources and the Secretary of the Department of Health and Mental Hygiene, in cooperation with other agencies, to develop and implement a program to monitor the quality of water and living resources of the Chesapeake Bay.

House Bill 404, which was passed by the General Assembly and signed by me on May 21, 1985, accomplishes the same purpose. Therefore, it is not necessary for me to sign Senate Bill 183.

Sincerely,
Harry Hughes
Governor
