

This bill provides that the Department of Natural Resources, on request of a county or municipality, shall require that a State agency submit a stormwater management plan to the jurisdiction for review and comment within a certain time period and that the State agency include the comments as part of its plan submitted to the Department.

Senate Bill 309, which was passed by the General Assembly and signed by me on May 28, 1985, accomplishes the same purpose. Therefore, it is not necessary for me to sign House Bill 568.

Sincerely,
Harry Hughes
Governor
