16-301.

(a) Except as otherwise provided in this section, an individual shall be licensed by the Board before the individual may practice psychology in this State.

(b) Subject to the rules and regulations of the Board, this section does not apply to:

(1) The activities and services of, and the use of an official title by an individual employed by any agency of the federal government, this State, or any political subdivision of this State, or a chartered educational or charitable institution while performing the duties of that employment;

(2) The activities and services of a student, intern, resident or fellow while pursuing a supervised course of study in psychology that the Board approves as qualifying training and experience under this title;

(3) The activities and services of an individual while performing psychological services under the direct supervision of a licensed psychologist who takes full responsibility for the activities and services performed, if the supervised individual has graduated from an accredited college or university with at least a master's degree based on a program of studies whose content was primarily psychological or a program judged by the Board to be substantially equivalent in subject matter and extent of training to a master's or doctoral degree in psychology; and

(4) The activities and services of an individual licensed or certified as a psychologist in any state who recently has become a resident of this State and has an application for a license approved by the Board, provided that the individual
