REVISOR'S NOTE: This section is new language derived without substantive change from former Art. 88C, § 13, as that section related to units of the State government.

In subsection (a) of this section, the word "consultation" is substituted for the former word "coordination", to avoid the suggestion that promulgation of the regulations is a joint responsibility.

Also in subsection (a) of this section, the reference to adoption by the "Secretary of State Planning" is substituted for the former reference to the "Department", to conform to § 5-204(b) of this article, which requires the Secretary to adopt departmental regulations.

Subsection (b) of this section is revised to require a unit to submit a notice only if the unit has received an award within the reporting period. The regulations require submission of these notices on or before
