

Subsection (a) of this section is revised to apply to claims, as well as debts, since there seemed to be no intent to distinguish between treatment of claims and debts after referral.

In subsection (a)(1) of this section, the words "legal or equitable", which formerly modified the word "action", are deleted as surplusage.

In subsection (a)(2) of this section, the former words "compromise" and "adjust" are deleted as unnecessary in light of the word "settle".

Also in subsection (a)(2) of this section, the former phrase "if ... feasible and desirable" is deleted as unnecessary in light of the word "may" in the introductory language of subsection (a) of this section.

In subsection (b) of this section, the reference to a "written contractual obligation" is substituted for the former reference to a "contract, promissory note, or other document obligating a debtor", for brevity.

Also in subsection (b) of this section, the phrase "of the State", which formerly modified the word "debtor", is deleted, since there seemed to be no intent to exclude a debtor of a unit or official of the State government.

The Commission to Revise the Annotated Code notes, for consideration of the General Assembly, that subsection (a) of this section would not permit suit under applicable federal law and would not permit settlement after suit.
