

remain attached to the individual game bird or mammal until it is prepared for final consumption. The tag shall be used only once and shall be destroyed immediately on removal.

(b) A person licensed under the provisions of this subtitle may not ship any game bird or mammal, either dead or alive, beyond the State at any time without first obtaining a permit from the Secretary.

(c) This section does not require tagging any game bird or mammal released within the State or hatched from eggs and released within the State for stocking purposes or to those sold to the Secretary for propagating purposes.]

[10-904.

(a) A person may not fail to return to the Secretary any tag with the required information or kill, sell, give away, remove, or ship any game bird or mammal bred or raised unless first notifying the Secretary and making application to kill, sell, give away, remove, or ship.

(b) A person may not fail to remove and return to the Secretary any tag attached to any container or to any game bird or mammal.

(c) A person may not remove or destroy any tag attached to any container or game bird or mammal except in the manner and at the time and place prescribed.

(d) A person may not use a tag issued pursuant to § 10-903 for any game bird or mammal or the eggs of any game bird hunted outside the premises used for propagating game or for a second shipment of any game bird or mammal from the premises.]

[10-905.

Each licensee shall keep a ledger of any game bird or mammal raised, the number killed, and the number sold dead or alive. The licensee shall allow any Natural Resources Police officer or any law enforcement officer at any reasonable hour to enter and inspect the premises where operations are carried on to inspect records.]

[10-906.

(a) A person may not enter upon any game preserve or refuge used for the propagation of any game bird or mammal and intentionally damage, destroy, disturb, hunt, poison, wound, remove, or drive off any game bird or mammal or its young or eggs, without the consent of the owner. Also, a person may not hunt any game bird or mammal on the preserve or refuge at any time with the use of spotlight, flashlight, searchlight, any artificial light or battery, sulphur fire, snare, net, deerlick, pitfall, turkey blind, or turkey pen or any other means. A person
