Article - Transportation

24-104.1.

(h) When a semitrailer and a trailer (double) are being operated in combination with a truck tractor, the combination of vehicles shall not be subject to an overall length limitation. This combination may only be operated on any part of the interstate system or other State system highways that are designated by the Secretary in conjunction with the U.S. Department of Transportation, or on a highway that is the shortest practical route between a designated highway and a truck terminal, or point of origin-destination for cargo, or for a distance not to exceed 1 mile, facilities for food, fuel, repairs, or rest. A semitrailer or trailer being operated in this combination may not exceed 28 feet in length for each unit.
