

data that a person must submit to the WSSC for any permit authorized or required by this article.

10-101.

(a) The WSSC may:

(1) Enter on a public roadway to install, maintain, and operate the WSSC system; and

(2) Construct a water main[, ] OR sewer[, or drain] or any appurtenance of a water main, OR sewer[, or drain] in a public roadway:

(i) In Prince George's County, subject to the permit and regulation provisions of §§ 10-102 and 10-103 of this title; and

(ii) In Montgomery County, subject to the permit and regulation provisions of §§ 10-102 and 10-103 of this title.

10-103.

(a) Sections 10-101 and 10-102 of this title do not limit the WSSC's authority to enter into contracts or agreements with any federal, State, county, or municipal unit of government or with the District of Columbia concerning the matters described in §§ 10-101 and 10-102 of this title, if the agreement or contract is necessary, advisable, or expedient in connection with the construction, maintenance, and operation of the WSSC's water[, ] AND sewer[, and drainage] systems.

[10-107.

Before the construction of any structure intended to permit water to flow in or under any road or street in the sanitary district, the plans for the structure shall be submitted to the WSSC for review and recommendation.]

10-108.

(a) (1) In this section the following words have the meanings indicated.

(2) "Construction contractor" means any person who performs or who is engaged or hired to perform road construction work.

(3) "Road construction work" means the construction, repair, paving, repaving, or grading of a public roadway.
