

take effect January 1, 1988 and shall remain in effect for a period of 2 years and, at the end of January 1, 1990, with no further action required by the General Assembly, these changes shall be abrogated and of no further force and effect.

DRAFTER'S NOTE:

This corrects an erroneous internal reference in Ch. 591, Acts of 1987.

Article 22 - Washington County

6-602.

(a) If the Commission finds that it is not financially feasible or economical to pay the entire cost of a sewerage or water system from the proceeds of bonds issued under Section 6-501 or 6-502, it may impose upon and collect from all properties in a [sub-district] SUBDISTRICT that are connected or will be connected to the sewerage or water system an assessment to pay for a portion of the cost of the facilities in the sewerage or water system which the Commission believes are necessary for its operation and which serve or will serve all properties connected with it, including sewerage treatment plants, disposal fields, lagoons, pumping stations, outfall, tank and intercepting sewers and all facilities appurtenant to and used in connection with water treatment plants and intake stations. The assessment shall:

- (1) Be known as an assessment in aid of construction;
- (2) Be uniform in amount as to all properties in the subdistrict;
- (3) Be imposed on all properties connected with the sewerage system at the time of assessment and on each property which may be connected afterwards;
- (4) Be payable in a lump sum or in equal annual installments over a period not exceeding 5 years, with interest on unpaid balances at a rate not exceeding 6 percent;
- (5) Have the same lien and priority as is provided for special benefit assessments in Section 6-601; and
- (6) Be certified to and collected by, the County Treasurer, and remitted by him to the Commission as collected, all in accordance with the procedure prescribed in Section 6-601.
