

Committee by October 1, 1988 as to the status of the projected \$40 million in federal funds for the light rail system, including the Department's application to appropriate federal agencies and the potential for approval and the status as to the potential for federal funds for other light rail projects. It is the intent of the General Assembly that expenditure of the balance restricted herein for this project or funds which may be provided for future projects shall be expended only if maximum effort is made to secure available federal funds.

(6) (7) After review of the report by the Department of Transportation, information on the appropriation of the \$45 million by the local governments and information on the status of federal funds, and after receipt of recommendations from the Senate Budget and Taxation Committee, Senate Finance Committee, House Committee on Appropriations and House Committee on Ways and Means, the Legislative Policy Committee may submit two resolutions for consideration at the 1989 Session of the General Assembly. The resolutions may be contingent on one another:

(a) A joint resolution to approve the expenditure or commitment of all or part of the \$33 million, less any amount authorized to be expended pursuant to subparagraph (2), in the appropriation for light rail in the
