

(2) The University may assign to those centers that it believes have developed appropriate faculty, facilities, and primary care curricula:

(i) Third and fourth year medical students;

(ii) Residency trainees; and

(iii) Students who are in primary care programs of other health professions.

(e) The University of Maryland School of Medicine shall provide for periodic, systematic evaluation of the Maryland Statewide Medical Education and Training System.

(f) (1) This section does not restrict any health care institution from starting or operating any training program jointly with any other person, whether or not the institution participates in this program.

(2) Any institution that participates with the University of Maryland under this section is free to engage in any other educational training programs.

[13-110.] 13-103.

(a) There is a Maryland Institute for Emergency Medical Services Systems at the University of Maryland and located in Baltimore City.

(b) (1) The head of the Institute is the Director who shall be appointed by the Board of Regents.

(2) The Institute shall have the staff and funds provided in the State budget subject to subsection (f) of this section.

(c) The Director shall:

(1) Coordinate a statewide system of emergency medical services;

(2) Coordinate the five emergency medical service regions in this State;

(3) Coordinate the planning and operation of emergency medical services with the federal, State, and county governments;

(4) Coordinate the training of all personnel in the emergency medical services system and develop the necessary standards for their certification;
