

5-402.

(b) The Board shall approve an electrology education program in this State if:

(1) The [State Board for] MARYLAND Higher Education COMMISSION approves the program; and

(2) The institution that offers the program submits evidence to the Board that the institution is prepared to:

(i) Meet the standards set by the Board under this subtitle; and

(ii) Carry out an education program in:

1. The theory of electrology that consists of at least 20 hours of academic lecturing to be taught by a physician; or

2. The clinical practice of electrology that consists of at least 80 hours of training to be taught by a licensed electrology instructor.

#### Article - Natural Resources

3-401.

The Center for Environmental and Estuarine Studies, a branch of the University of Maryland SYSTEM, is designated to encompass the functions of the Natural Resources Institute and the additions set forth in this subtitle.

3-402.

The Center for Environmental and Estuarine Studies shall be under the supervision, direction, and control of the board of regents of the University of Maryland SYSTEM. Academic rank and faculty status may be assigned to the director and qualified personnel staff members.

#### Article - State Finance and Procurement

2-105.

On or before January 10 of each year, each unit of the State government, including the University of Maryland SYSTEM, that is using nonbudgeted or dedicated funds for a capital construction project shall submit to the Joint Budget and Audit Committee a detailed report on the use of those funds.

4-401.
