Section 14-705.1  
Annotated Code of Maryland  
(1986 Replacement Volume and 1987 Supplement)

#### Preamble

WHEREAS, Chapter 788 of the Laws of Maryland of 1986 requires certain minimum standards for the training and certification of medical radiation technologists to assure they are qualified to perform radiological procedures; and

WHEREAS, Such standards include certification by the Board of Medical Examiners as medical radiation technologists and nuclear medical technologists after July 1, 1988; and

WHEREAS, Medical radiation technologists and nuclear medical technologists who have been practicing in this field for many years will be put out of their jobs on July 1, 1988 if they do not meet certain standards not previously required; now, therefore,

SECTION 1. BE IT ENACTED BY THE GENERAL ASSEMBLY OF MARYLAND, That the Laws of Maryland read as follows:

#### Article - Health Occupations

14-705.1.

(a) The Board of Medical Examiners shall:

(1) Define, for the purpose of this section, a "medical radiation technologist", a "nuclear medical technologist", "practice nuclear medical technology", and "practice medical radiation technology";

(2) Adopt rules and regulations concerning qualifications, training, certification, monitoring of, and enforcement requirements for a medical radiation technologist and a nuclear medical technologist; and

(3) Provide for a requirement to ensure competency in new safety and technological advances.
