

The introductory phrase of subsection (c) of this section, "[s]ubject to the State budget", is added to indicate that the State budget controls funding for Board members.

In subsection (c) of this section, the former phrase "in attending meetings" is deleted to reflect that Standard State Travel Regulations govern reimbursement for all official business and not just attendance of meetings.

The sixth clause of the first sentence of former Art. 56, § 452, which provided for the payment of compensation out of the fees of the Board, is deleted as inaccurate and obsolete. All money that the Board collects is paid into the General Fund of the State. Therefore, the Board does not have any money of its own.
