

Subsection (c) of this section is new language added to conform to the current practice of the Board of providing the same term for a limited license as for a general license to provide plumbing services.

Subsections (d) and (e) of this section are new language added to conform to the current practice of the Board. The Committee believes that limiting the power of the Board to issue limited licenses is an appropriate restriction in light of the Board's wishes to phase out this particular type of license.
